

COVID-19 Update

Dear MCRC Families,

As you know, MCRC has carefully been reviewing all protocols to determine when and how changes to our COVID-19 protocols should be made with the safety and wellbeing of children, families, and staff at front of mind. We continue to revisit and reassess our COVID-19 protocols on a monthly basis and will provide regular communications as we update our procedures accordingly.

As of June 1, 2022: Wearing a mask will be optional for MCRC staff. Staff, parents and adult visitors are highly encouraged to wear masks when coming into the building.

We have determined that we will be continuing with the rest of our current protocols until July 1, 2022.

For a full explanation of current protocols, please [review our communication from March 31st, 2022.](#)

Sincerely,
MCRC
